DETAILED ACTION

Election/Restrictions

Applicant's election of claims 1-4, 6-9 and 12-14 in the reply filed on 01/27/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4, 6-9 and 12-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claimed limitations of a monolithic component being made in a substrate of a first conductivity type divided into wells separated by isolating walls, lower surfaces of which are coated with insulating layers, as recited in claims 1 and 6, are unclear as to which elements the lower surfaces are coated with insulating layers.

Allowable Subject Matter

Claims 1-4, 6-9 and 12-14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 2811

The following is an examiner's statement of reasons for allowance: Bernier et al. (5,243,488) appears to be the closest reference. Bernier et al. and the rest of the prior art of record do not teach or suggest, singularly or in combination, at least the limitation of isolation wells separating the substrate into three wells, as recited in claim 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
